

HEALTH & SAFETY POLICY

JINDALEE RESOURCES LIMITED

HEALTH & SAFETY POLICY

COMMITMENT

Jindalee Resources recognizes its moral and legal responsibility, in particular to the various occupational health and safety acts applicable to the locations in which we operate, to provide a safe and healthy work environment for all personnel associated with the Company's activities.

Jindalee Resources is committed to the systematic identification and management of hazards and risks and to ensuring overall compliance with the obligations imposed by the specific occupational health and safety acts.

RESPONSIBILITIES

Jindalee Resources aims to achieve the highest performance in Occupational Health and Safety in the workplace through a process of joint consultation and participation from employees and contractors.

- Jindalee Resources is committed to providing and maintaining a safe and healthy workplace for all employees, contractors and visitors to Jindalee Resources operations.
- Jindalee Resources will ensure all Occupational Health and Safety policies and procedures are implemented.
- Jindalee Resources will continue to address accident prevention, hazard control and training as priorities. Jindalee Resources management consider the health and safety of all persons working on Company projects as paramount.
- Health and safety is both an individual and shared responsibility of all employees.
- No employee or contractor shall conduct their duties in any unsafe manner or environment.
- Acceptance of the following goals and objectives is essential to the success of the policy:

GOALS & OBJECTIVES

Jindalee Resources will:

- Ensure the development, application and review of risk management systems to identify potential hazards in equipment, workplaces and operating procedures, and take actions to control or remove those hazards.
- Provide written procedures and instructions to ensure safe systems of work.
- Seek continuous improvement in the health and safety standards of the workplace environment.

- Create and maintain a culture in the workplace whereby employees, contractors and visitors have accountability for maintaining a safe work environment
- Ensure compliance with industry standards, applicable laws, regulations and other health and safety obligations.
- Ensure individuals, within their area of control, have the knowledge and resources to identify and effectively control hazards.
- Report, record and investigate all incidents and accidents and ensure appropriate measures are taken to eliminate or manage identified and potential hazards.
- Provide adequate training, information, instruction and supervision to maintain an injury free workplace.

JINDALEE RESOURCES MANAGEMENT SHALL

- Plan, develop, implement and monitor a comprehensive Health and Safety programme.
- Promote communication on matters relating the Health and Safety as a normal component of all aspects of their work.
- Take effective and speedy actions to maintain a Healthy and Safe workplace.
- Observe all Federal, State and Local Health and Safety Regulations and promote efforts to comply with those Regulations.

ALL EMPLOYEES AND CONTRACTORS SHALL

- Work in a Safe and Healthy manner at all times.
- Encourage others to adopt Safe and Healthy work practices.
- Co-operate with all levels of management to support the promotion of Health, Safety and Welfare issues in the workplace.
- Promptly report all incidents, unsafe conditions and practices as they become apparent.
